

## Workbench with Half Shelf

Before you commence the assembly process, we recommend that you read these instructions thoroughly beforehand to familiarise yourself with the assembly process and to also check that you have the correct components. If for any reason you need assistance, you can find our contact details on the top of page of these instructions.

We highly recommend that any assembly is carried out on a flat, level surface if possible and that you use another person to assist you if necessary.

You can check our **YouTube channel** for assemble video.

### Package contents

- 2x Ends
- 2x Long 2x Short braces
- 1x Bases (2 for double shelve options)
- 1x Bench top
- 1x Back panel for version with back
- 65mm Screws
- 38mm Screws

### Tools required

Electric screwdriver (No.2 Pozi bit) or Screwdriver.

### Step 1

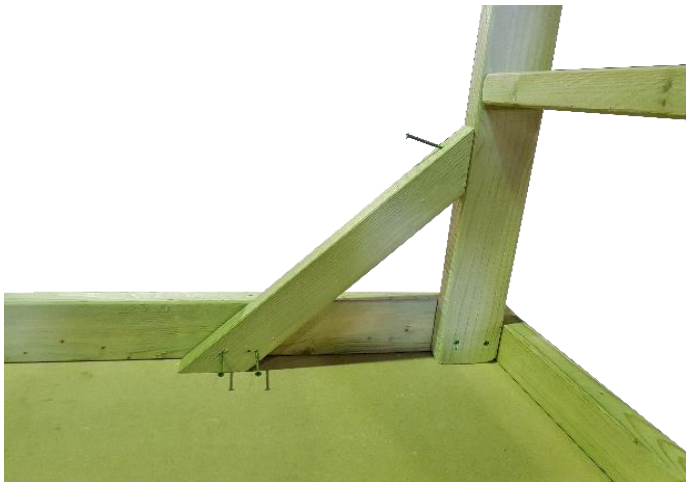

Lay the top upside down and place a leg in position as shown. Ensure the leg is pushed into the corner and secure with the supplied screws use pre-drilled guide holes.

### Step 2

Make sure that middle shelf is on the same side as the main leg for a middle shelf.

### Step 3

Ensure the brace is pushed flush with tabletop and leg frame and secure into place, repeat this step on the other leg.

### Step 4

Place table back on its feet's. Slide the bottom shelf into position. Keep the shelf straight, parallel to the table, centralize and secure with 65mm screws.

**\*For double shelf variation please slide second shelf into 2nd opening.**

**\*\*For MDF version, use golden screws to secure your shelves**

**Step 5**

Ensure the long brace is pushed flush with tabletop and leg frame and secure into place, repeat this step on the other leg.

**Step 6**

Lift the back section into place. Ideally this will need to be held in place by second person. Fit the side brace and secure using the supplied screws.

**Step 7**

For a Peg back version, please use 3x 85mm and use pre-drilled hole from the back.

**Your Workbench with Half Shelf is now completed!**
