

Generic build instructions – Workbench with extra shelving

Before you commence the assembly process, we recommend that you read these instructions thoroughly beforehand to familiarize yourself with the assembly process and to also check that you have the correct components. If for any reason you need assistance, you can find our contact details on the top of page of these instructions.

We highly recommend that any assembly is carried out on a flat, level surface if possible and that you use another person to assist you if necessary.

You can check our **YouTube channel** for assembly video.

Package contents

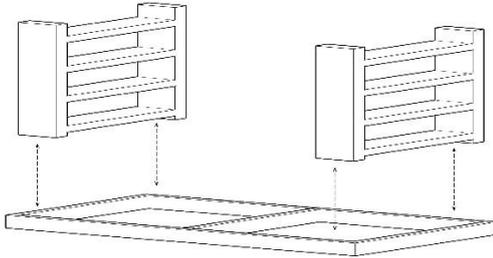

1x Table Top
1x Base shelf (for double shelve version 2x)
2x Sets of legs
2x Cover panel (for double shelve version 4x)
2x Back braces
65mm screws
40mm screws

Tools required

Electric screwdriver (No.2 Pozi bit) or
Screwdriver

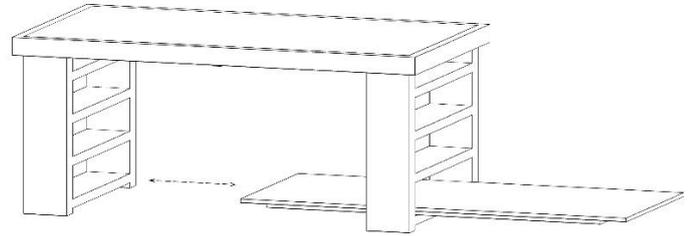

Step 1

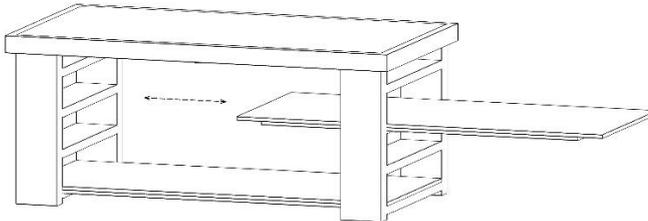

Lay the top upside down and place a leg in position as shown. Ensure the leg is pushed into the corner and secure with the supplied 60mm screws use pre-drilled guide holes.

Step 2.1

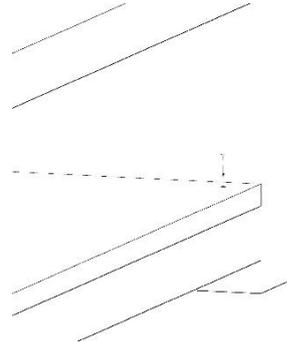

Fit the bottom shelf into position. Keep the shelf straight, parallel to the table.

Step 2.2

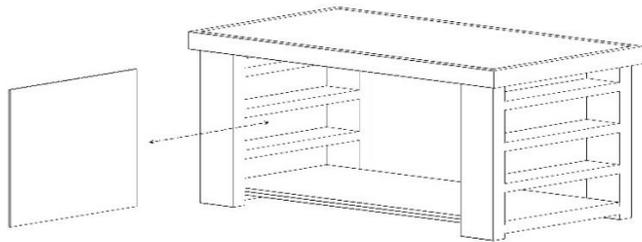

For double shelf variation please slide second shelf into 3rd opening.

Step 3

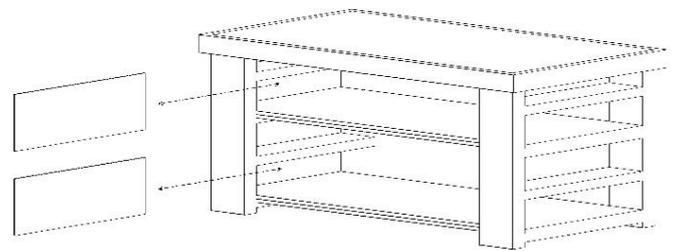

Ensure the shelf is lined up with the front of the leg and secure into place with the 40mm screws supplied, use predrilled guide holes.

Step 4.1

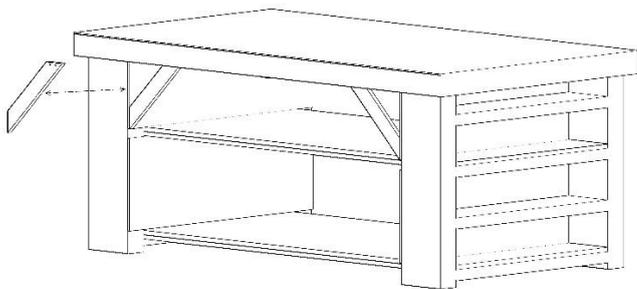

Fit the side panels in position. Centralize and secure with 40mm screws using pre-drilled guide holes.

Step 4.2

For double shelf version, fit the side panels into position. Centralize and secure with 40mm screws using pre-drilled guide holes.

Step 5

Ensure the brace is pushed flush with tabletop and leg frame and secure into place, repeat this step on the other leg.

Your workbench is now completed!

We hope that you found your product quick and easy to assemble but if not and you require further assistance or have any questions you can contact us via details above.
