

Wooden outdoor pizza/oven table V.3 build instructions

Before you commence the assembly process, we recommend that you read these instructions thoroughly beforehand to familiarise yourself with the assembly process and to also check that you have the correct components. If for any reason you need assistance, you can find our contact details on the top of the page of these instructions.

We highly recommend that any assembly is carried out on a flat, level surface if possible and that you use another person to assist you if necessary **for your convenience all guide holes are pre-drilled.**

Package contents

- Worktop
- 2x Legs
- 1x Back panel
- 2x shelves
- Fixings

Tools required

Electric screwdriver (No.2 Pozi bit) or
Screwdriver

Step 1

Stand both of the table legs parallel straight from one to another, fit the shelf to the lower leg position, make sure that the shelf is pushed to one of the corners, leaving a gap on the other side for the back panel attachment, and secure it using 4x 60mm wood screws.

Step 2

Now, place the worktop on a flat and even surface, making sure that the tabletop is facing the ground. Carefully flip your current assembly upside down and gently position it on the tabletop, making sure that all the edges are aligned.

Step 3

Secure the assembly to the worktop using 6x 60mm woodscrew through the guide holes.

Step 4

Now position your back panel on the side where you left a gap and secure it using the provided wood screws through the pilot guide holes.

Step 5

From the inside of the table, you will find 3x more guide holes where you need to secure the back panel to your assembly using the provided wood screws.

Step 6

Slide the remaining shelf into the upper position and secure it to the shelf brackets using 4x 60mm woodscrews.

Your Wooden outdoor pizza/oven table V.3 is now completed!

We hope that you found your product quick and easy to assemble but if not and you require further assistance or have any questions you can contact us via the details above.
