

## **Generic build instructions – Workbench Acorn/Super heavy-duty/Rotem**

Before you commence the assembly process, we recommend that you read these instructions thoroughly beforehand to familiarise yourself with the assembly process and to also check that you have the correct components. If for any reason you need assistance, you can find our contact details on the top of page of these instructions.

We highly recommend that any assembly is carried out on a flat, level surface if possible and that you use another person to assist you if necessary.

### **Package contents**

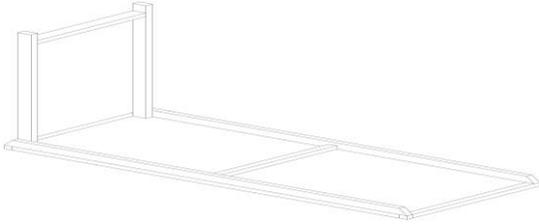

1x Table Top  
1x Base shelf (for double shelve version 2x)  
1x Back panel (for versions with back panel)  
2x Sets of legs  
2x Back braces  
2x Side braces  
2x Back braces (for versions with back panel)  
65mm screws

### **Tools required**

Electric screwdriver (No.2 Pozi bit) or  
Screwdriver

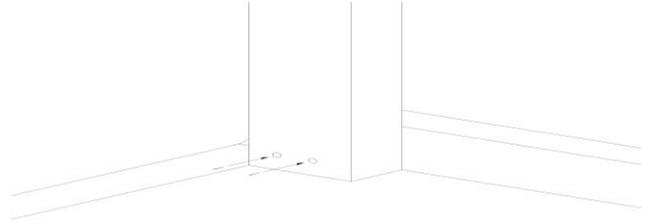

### Step 1

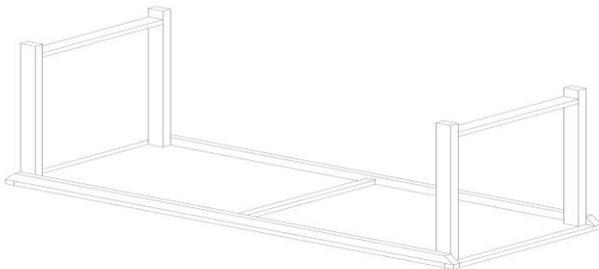

Lay the top upside down and place a leg in position as shown.

### Step 2.1

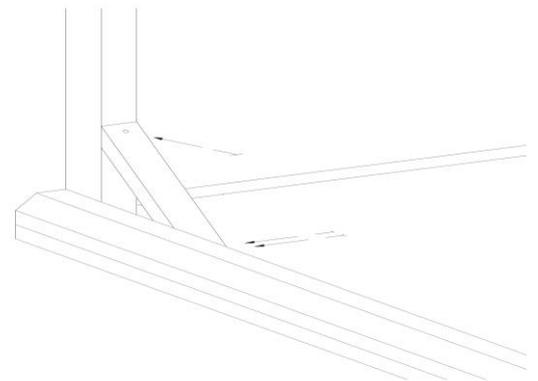

Ensure the leg is pushed into the corner and secure with the supplied screws.

### Step 2.2

Repeat on the half of the leg.

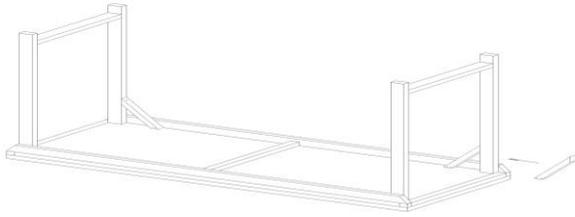

### Step 3.1

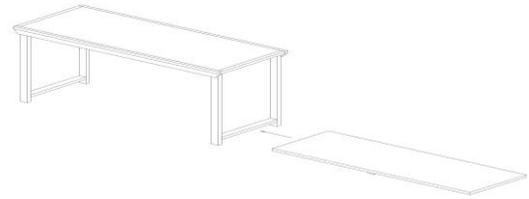

Ensure the brace is pushed flush with tabletop and leg frame and secure into place.

### Step 3.2

### Step 4

Repeat this step on the other leg.

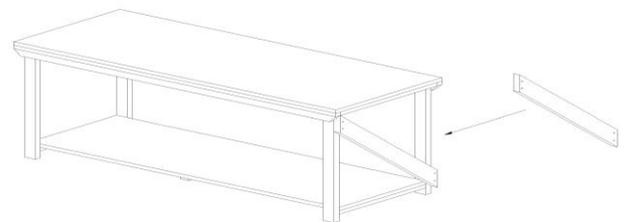

Fit the bottom shelf in position. Centralize and secure using the screws supplied.

#### Step 4.1

#### Step 5

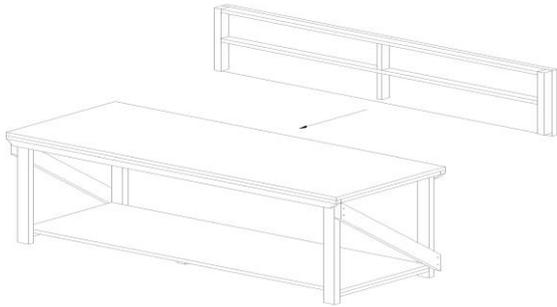

**Repeat this step if you have ordered double shelf option.**

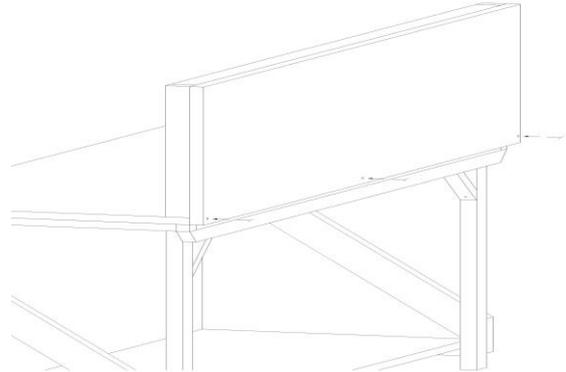

Add side braces, ensure the brace is pushed into the top corner and is lined up with the front of the leg and secure into place.

### Step 6.1

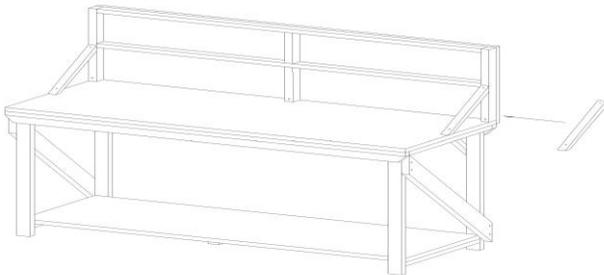

### Step 6.2

**If you order version with back panel.** Lift the back section into place. Ideally this will need to be held in place by a second person.

Secure the back using the screws supplied.

### Step 6.3

Fit the side brace and secure using the supplied screws.  
Repeat on the other side.
